DISCOVER YOURSELF ANEW!

SoulCollage®: Discover Yourself Anew

Join us for the peaceful and creative experience of SoulCollage®, a simple collage-making process that helps you listen more deeply to your inner wisdom. Using images from magazines, you will create a small collage card that reflects something stirring in your life – a feeling, question, hope, or insight that is asking to be noticed. No artistic experience is needed. After creating your card, you will be guided through a gentle process of “listening” to the card — discovering what it might be saying to you and how it connects to your life. You’ll also learn how these cards can become part of a personal deck for reflection and prayer. There will be time for additional card-making, quiet reflection, and optional sharing in a closing circle. Come relax, create, and reconnect with yourself in a supportive community.
